

Breaking News ~ Exciting News!

The Motorcycle Accident Victims Foundation (M.A.V.) Is now listed with the United Way.

That's right....you can now assign your United Way donations to go to M.A.V. knowing your donations will be assisting Motorcycle Accident Victims.

This is a first. When have you seen a nonprofit Organization, established to assist injured bikers, on the United Way list!

M.A.V. is 13 years old now and has been able to assist a number of motorcycle riders, injured in accidents when they were not at fault. Our assistance is very helpful during the period immediately after the accident, prior to any type of insurance kicking in.

Working Together

Getting onto the designation list is a blessing and we are asking for your assistance: sign up to donate, share this information with a friend, put this in an email and share it with everyone you know. Post it in your business or Newsletter. Whatever you can do will be so appreciated!

Please keep us in mind as you make your United Way contributions this year.

Our designated pledge number is 9615. Look for our number, check the MAV box, or just write it in.

Your continued Support of the Foundation has enabled us to help out Fellow Riders, when they need our help the most!
